8:00 am – 2:30pm

March	20
April	10
April	17
April	24

48 Years of Effective SAT Preparation

The Windsor School has offered the finest SAT preparation for the past 48 years. The Windsor School is an accredited full-time college preparatory secondary school.

PROFESSIONAL, EXPERIENCED TEACHERS

Our SAT staff is comprised of experienced and dedicated FULLY LICENSED CERTIFIED Math and English High School teachers, experienced in SAT preparation. They are mature professionals.

Course Attributes

Every topic needed for the exams will be covered. Students can become test-wise and confident. The strategy of taking these examinations and special training in examination techniques will be taught.

When and how should you guess intelligently? What is the penalty for an incorrect answer compared to an answer omitted? Should you skip questions?

Value

Studies conducted by the Educational Testing Service indicate that simply going over examples does not increase a student's score to any significant degree. Only actual teaching of topics with examples as illustrations can help. THE WINDSOR COURSE IS A TEACHING COURSE. Students are taught coordinated courses of study for the SAT with many examples from previous tests for class illustrations and homework.

The Windsor SAT Course
